POCKET GUIDE TO GENDER

3 GOOD HEALTH AND WELL-BEING + 5 GENDER EQUALITY = SMART global health
WHAT CAN I DO?

• Ensure equal numbers of all genders on your delegations and equal distribution of work and tasks
• When organising key meetings or events, ensure that the voices of all genders are equally represented
• Analyse who in your delegation has impact, and ensure that the contributions of all genders are equally valued
• Refuse to participate in panel discussions without any women
• Have an open mind, ask questions and educate yourself on gender issues
