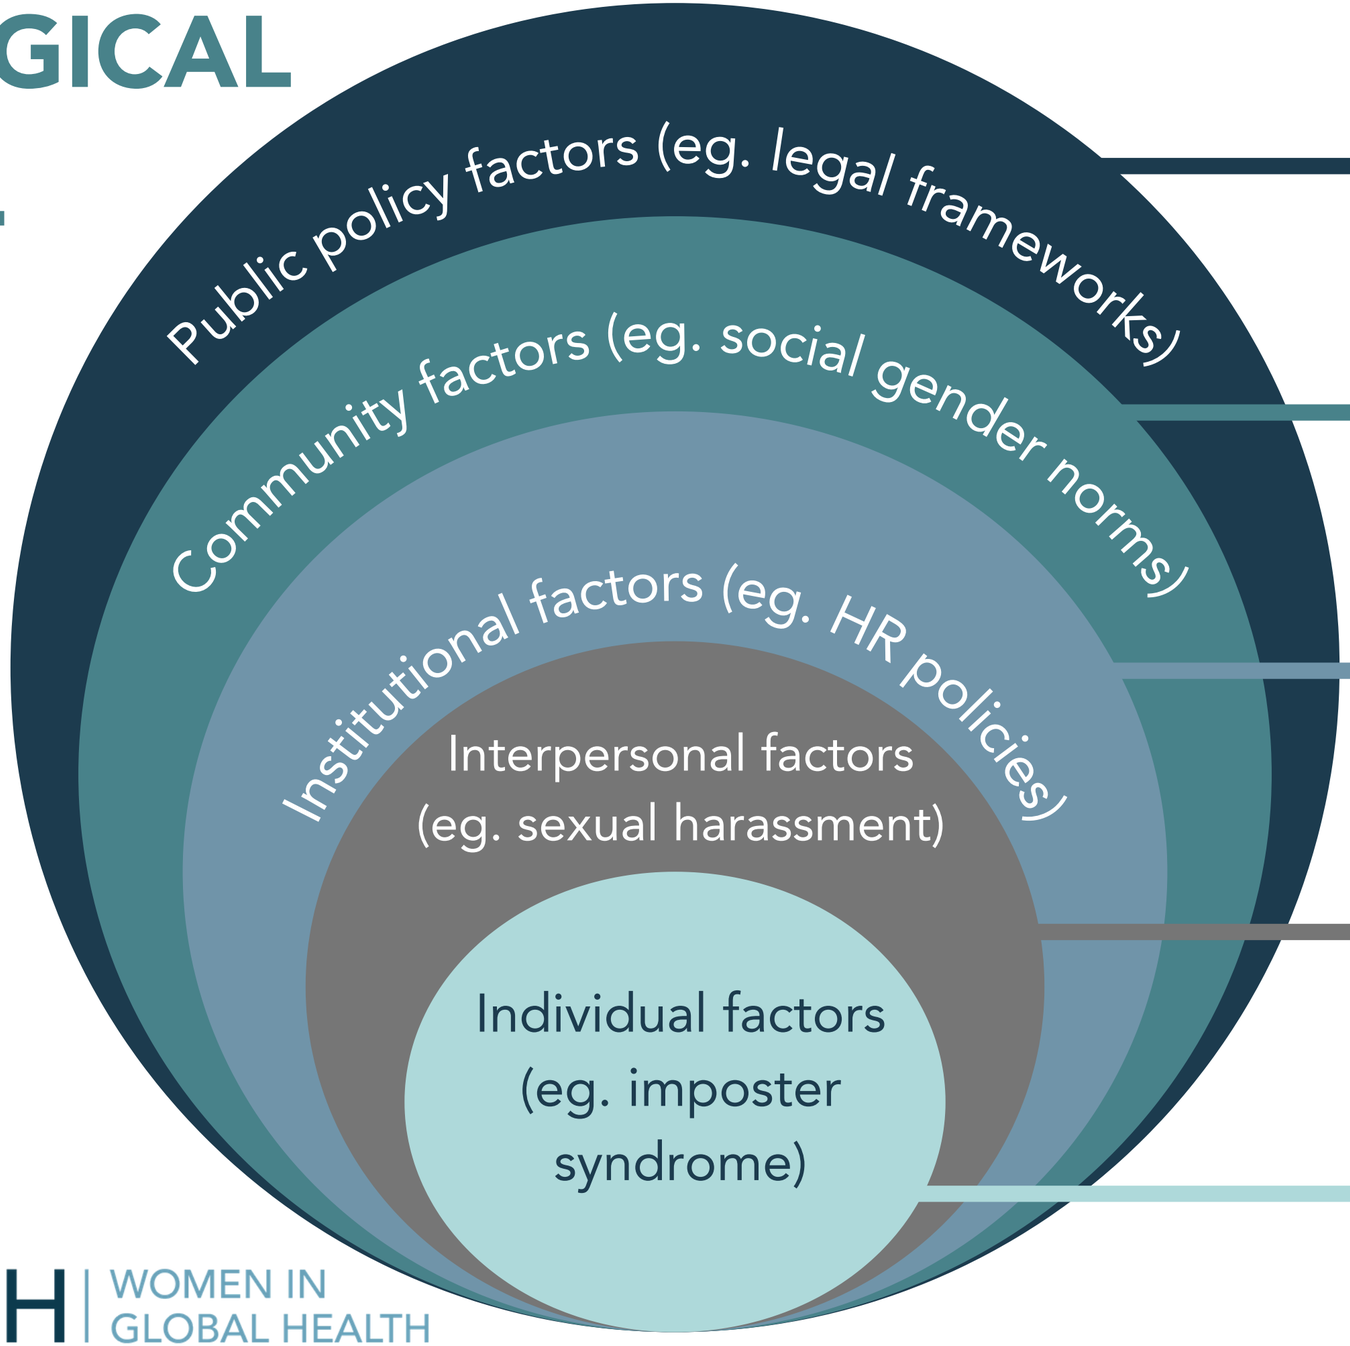
ECOLOGICAL MODEL



90 countries have labor laws that restrict the types of jobs women can do

50% think men are better political leaders, and 40% think men are better business leaders.
(UNDP 75 countries)

In 2019, 8 countries introduced paid leave for fathers for the first time.

50 countries have no law against sexual harassment in the workplace.

Mentoring, assertiveness training - still fixing women?
